Buchon Blooms & Buds

Your Local Go-To Nursery

San Luis Obispo, Calif.

All Your Planting Needs

Our inventory is specially tailored to thrive in the central coast's unique climate. With more than 100 species of plants and a variety of soils, fertilizers and more available in-store, you are bound to find your perfect match.

Some of our favorites are:

- * succulents
- * orchids
- * fiddle-leaf fig trees (↓)

Expert Advice

Our staff is knowledgeable in every area of plant care and always willing to answer questions about which plant will do well in your space, how to re-pot it after its outgrown the previous container, and much more.

Every plant also comes with its own care guide, including how frequently to water it, the ideal amount of sun exposure and any other details about that particular species.

House-Made Ceramics

No two pots from Buchon Blooms & Buds are the same. We have two in-house ceramic artists who create unique, beautiful handmade pots which are sold in our store. The artists, Doug Browe and Julia Smith, have a combined 45 years of pottery experience and often experiment with new styles, glazes and techniques to make one-of-a-kind projects.
